**Observations and Corrective Actions** 

Violations cited in this report must be corrected within the time frames below, or as stated in sections 8-405.11 of the food code.

2-102.12 Certified Food Protection Manager - C Person in charge (PIC) on site does not have a food protection manager certification. During all hours of operation a food protection manager shall be on site who has control and direction of food preparation and operations. The food protection manager shall be certified by an ANSI approved class and exam. Have PIC take an ANSI approved course to be a food protection manager, it is suggested that more than one manager is certified so that someone who is certified can be on site at all times.

- 8 6-301.12 Hand Drying Provision PF One out of four hand washing sinks did not have paper towels during inspection. Handwashing sinks shall be furnished with approved hand drying devices such as paper towels. CDI: Hand towels were stocked during inspection. CDI. Ensure that soap and towels are checked at each handwashing station during opening procedures so that employees can wash their hands when needed.
- 14 4-601.11 (A) Equipment, Food-Contact Surfaces, Nonfood-Contact Surfaces, and Utensils P Four soda nozzles in the dinning room had heavy buildup. All other nozzles were clean (16). Food contact surfaces shall be maintained clean to sight and touch. CDI: PIC clean and sanitized the soiled nozzles. CDI. Check soda nozzles for build up at a frequency to prevent build up.

Comment Addendum to Food Establishment Inspection Report

Establishment Name: KFC/LJS G135204

Establishment ID: 3034012219

## Observations and Corrective Actions

Violations cited in this report must be corrected within the time frames below, or as stated in sections 8-405.11 of the food code.

- 3-501.16 (A)(2) and (B) Potentially Hazardous Food (Time/Temperature Control for Safety Food), Hot and Cold Holding P One sealed bag of chicken in the walk in cooler was at 54F. No other food in the walk in was above 41F. PIC did not know if the chicken had been removed from temperature control at any point. Cold held food shall be kept at 45F or below at all times. CDI: PIC discarded the chicken voluntarily. CDI. Regularly check temperatures in the walk in cooler. (On January 1, 2019 the requirement for cold holding shall be 41F or below.)
- 37 3-305.11 Food Storage-Preventing Contamination from the Premises C Bin of cole slaw was left open after morning prep in walk in cooler, trays of frozen biscuits were un covered in freezer, bag of raw chicken in walk in was left open. Ensure that foods are protected from contamination by use of lids, containers, and tightly closing bags. CDI: Cole slaw was covered, baking paper was used to cover biscuits, and bag of chicken was closed tightly. CDI. Monitor foods that are accessed by employees often and keep them closed to prevent potential contamination.
- 42 4-901.11 Equipment and Utensils, Air-Drying Required C Most metal and plastic pans and trays were stored wet. All utensils shall be allowed to air dry completely before being stacked / stored. Allow utensils to dry appropriately.
- 45 4-501.11 Good Repair and Proper Adjustment-Equipment C Minor chipping is occurring on wire shelves in the establishment. Caulking is peeling on the seams of the hoods above the fryers. A leak is occurring at the back prep sink where the drain stop arm enters the drain pipe. Equipment shall be maintained in good repair and condition. Repair the noted items. Monitor shelving for chipping and rusting to prevent damage, replace damaged caulking at the hoods. Have the back prep sink evaluated and repair as needed.
- 47 4-601.11 (B) and (C) Equipment, Food-Contact Surfaces, Nonfood-Contact Surfaces, and Utensils C Cleaning needed on shelves and tables around breading stations, inside of fryer cabinets needs cleaning where grease has accumulated. The shelf and gaskets of the fish freezer need detail cleaning. Non food contact surfaces shall be maintained clean. Clean noted items. Monitor equipment regularly for soiling and grease build up.
- 6-501.12 Cleaning, Frequency and Restrictions C Floors and walls around fryer and breading stations are soiled and need cleaning where grease and flour are accumulating. Walls and floors around the can wash are soiled and need detail cleaning. Floors had puddled water at front point of sale line and in the entrance of the chicken walk in, Ensure that employees properly mop and squeegee water from the floor when cleaning. Floors and walls shall be maintained clean. Clean noted items. monitor floors and walls for soiling regularly.
