

Logging in to Your Health Portal

When you first access your clinic webpage you will see the homepage with general clinic information such as hours, address, clinic staff, and more. This content can be accessed at any time without needing a custom log in.

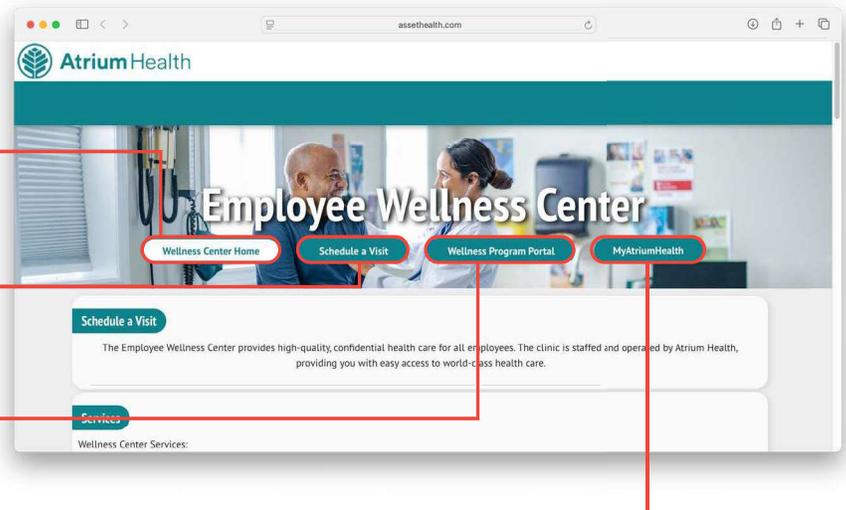

At the top of the site there are four navigation buttons:

Homepage: will always bring you back to the homepage.

Schedule a Visit: will take you to the scheduling platform where you can schedule your clinic visit.

Wellness Program Portal: will take you to the wellness program health portal for incentive program, biometric results, wellness resources and more. You will be required to log in with your custom credentials.

See below for log in instructions.

MyAtriumHealth: will let you access your health records, message your clinicians, and schedule appointments.

When logging in to the Wellness Program Portal for the first time, you will use the default credentials associated with your account:

A screenshot of the Atrium Health login form. The form is enclosed in a rounded rectangle with a teal border. At the top, there is the Atrium Health logo and the text "Atrium Health". Below the logo, there are two input fields: "Username*" and "Password* (Case Sensitive)". Below the password field, there is a small asterisk and the text "* All fields are required." At the bottom of the form, there is a teal "Log In" button.

Default Username:

First initial of first name + last name + last 4 SSN

Users with two last names will need to add either a space or hyphen (-) between their last names. If one way does not work, try the other.

Default Password:

DOB (mmdyyy) format

Once you have logged in with the default credentials, you will be prompted to update your password and can update your username if you choose.

Trouble logging in?

Call 855-444-1255 (Monday – Friday, 8 a.m. – 8 p.m.) or email support@asethealth.com
