# 2016 Park Bond Proposal

## Total \$15M (16 projects)

Data Source:  
 Forsyth County Parks & Recreation

## 2016 Park Bond Proposal - Total \$15M (16 projects)

### #1 - Tanglewood - \$- 6.9M

Renovations/Improvements to park recreational and revenue producing facilities

- **Bunker Renovations - \$1.35M** - *Championship & Reynolds Courses* - removal of specified bunkers, renovations and shaping of the remaining bunkers, as per the golf course audit, drainage and stabilization of all remaining bunkers as per the golf course audit. To also include any miscellaneous repairs to both courses.
- **Clubhouse Renovations - \$1.6M** - major renovations, upgrades, and modernization to the early 1970's era building. Items included but not limited to; Roof replacement, major interior re-design, grill eating area upgrades, pro-shop renovations and remodeling, ballroom and ballroom patio re-design and remodeling, mezzanine area re-design and remodeling, interior decorating, lighting package upgrades, AV systems and Wi-Fi upgrades
- **Irrigation Upgrades - \$850K** - complete renovation and installation of new, modernized, fully automatic, remotely controlled irrigation system for the Reynolds course. Renovations and additions to pumps, controls, and associated piping for both the Championship and Reynolds courses.
- **Par 3 Greens - \$625K** - Update and renovate the 18 par 3 greens, re-shape and re-contour for ease of care and maintenance, drainage additions, newly installed sod
- **Cart Path Additions and Renovations - \$425K** - renovations, re-alignments, repairs, and additions to specified areas throughout both the Championship and Reynolds courses as identified by the golf course audit.
- **Multi-Use Trail - \$1.25M** - *initial Phase built 2012* -includes additional phases added to current 1.75 trail. Would carry the 12' wide asphalt trail from the Stable area towards the south toward the pool / train area and continue around one way road to create a loop the connects back to itself near the Manor House.
- **Roadway Improvements - \$800K** - *old gravel farm road constructed in the late 50's to early 60's* - major improvements to the overflow and special events roadway net in the steeplechase area (per the traffic management study completed by Davenport World) increase to double lanes for the entire 4,700 feet of current paved and gravel roadways in the area, increase and revamp the intersection of North Trail Dr and Tanglewood Park road to allow for better traffic flow towards the gate

house area, site work and grading to prep road beds and subsequent base, paving such as tar and gravel / chip seal for the surfacing

#2 - 421 River Park - \$50K

Renovations/Improvements to park recreational facilities

- Playground - \$50K - built mid 90's - includes complete tear out and replacement of the current dated play structure, installation of new code compliant safety surfacing, site work and drainage

#3 - CG Hill Memorial Park - \$150K

Renovations/Improvements to park recreational facilities

- Playground - \$150K - no current play structures - includes the addition of a play structure, installation of new safety surfacing, site work and drainage

#4 - Horizons Park - \$2.15M

Renovations/Improvements to park recreational facilities and park development - Phase 1

- Playground - \$150K - built mid 90's - includes complete tear out and replacement of the current dated play structure, installation of new code compliant safety surfacing, site work and drainage and drainage
- Phase 1 Master Planning & Development - \$2.0M
  - Shelter, restroom, playground, roadway extensions, sand play area, renovated disc golf , utilities infrastructure

#5 - Walkertown Park - \$150K

Renovations/Improvements to park recreational facilities

- Playground - \$150K - built mid 90's - includes complete tear out and replacement of the current dated play structure, installation of new code compliant safety surfacing, site work and drainage and drainage

#6 - Kernersville Lake - \$150K

Renovations/Improvements to park recreational facilities

- Playground - \$150K – *built mid 90's* - includes complete tear out and replacement of the current dated play structure, installation of new code compliant safety surfacing, site work and drainage and drainage

#### #7 - Union Cross Park – \$150K

Renovations/Improvements to park recreational facilities

- Playground - \$150K – *built mid 90's* - includes complete tear out and replacement of the current dated play structure, installation of new code compliant safety surfacing, site work and drainage and drainage

#### #8 – Agricultural Multi-Use Event Center - \$5M

- Design, development, planning, and construction of an agricultural multi-use event center located within an existing Forsyth County park, exact location to be determined.

#### #9 - Triad Park - \$300K

Recreational and site improvements/enhancements

- Piedmont Greenway (Triad Park section) - \$300K – *Budget cost for counties portion of greenway construction, (total to be split 50/50 between the counties)* - includes the portion of Greenway installation site work and paving to complete the Reedy Fork greenway portion through Triad Park
